Greatest Blood Purifier.—"I am the youngest and only living son of Dr. J. Blackman, well known in Massachusetts. My father always recommended Hood's Sarsaparilla as the greatest blood purifier on earth, and I can certify to the same thing." NEWTON M. BLACKMAN, Hotel Savoy, Danbury, Ct.

Family Physician Prescribed Hood's.—"We had a terrible case of diphtheria, and our family physician said it was a case of diphtheria and greatly weakened constitutions, and advised Hood's Sarsaparilla as the best blood purifier and nerve strengthener. It worked wonders, leaving us without a trace of that awful disease." ANNE M. CHILDS, 429 Ferry street, Everett, Mass.

A Nurse's Testimony.—"After six years of arduous duty, such as a doctor or nurse fully appreciates, my nervous system was in such a state I was fearful of having to give up my profession entirely. My general health was at a very low ebb. I was weak, nervous and had powerful headaches. It seemed as though I should become insane at times. I was almost in despair. After taking six bottles of Hood's Sarsaparilla I began to improve and after taking six more I was completely cured. I cannot speak too highly of its merits." MARY L. SARGENT, 429 Ferry street, Everett, Mass.

Just The One.—"Hood's Sarsaparilla is certainly just the medicine to take for all blood troubles and tired feelings in the spring." MRS. SUS. EAMES, 428 Sheppard St., Petersburg, Va.

FAST, FIERCE BASKET BALL

Neither Goddard Nor Spaulding Could Win

SCORE ENDING 15 TO 15

The Game Was Full of Intense Excitement Throughout, and There Was Some Roughing—Spaulding Second Won Their Game.

The crowd of people which went to the double-header basketball game between Goddard seminary and Spaulding high school at the Church street gymnasium last evening taxed the seating capacity of the hall to the limit, and were fully repaid by seeing one of the best games which it is possible to witness anywhere. The game between the Goddard first and Spaulding first team resulted in a tie, the score at the end of the second period being 15 to 15.

The Spaulding second team was more successful and defeated their opponents to the tune of 14 to 11.

The game between the first teams opened with every man playing from the first blast of the referee's whistle. Blake for the Goddard team made the first score by throwing a goal in the first minute of play, but Bell for Spaulding was there with his delivery working, and handed up a basket, tying the score. This continued throughout the period, first one side, then the other would score, and it was an impossibility to pick a winner. The period ended 11 to 9 in favor of the Goddard team.

Throughout the period and the game, both sides covered their opponents in a creditable manner, and gave some pretty exhibitions of passing and dribbling with Goddard a trifle to the good because of their superior weight. The game was rough at times, but considering the speed at which it was played, some roughness was unavoidable. The feature of the period was a long throw to goal by Soldini.

The second period was a repetition of the first, and every man did his best to win for his team. During this period the play became even rougher than in the first period, and time was taken out several times to allow players to recover the breath which had been knocked from them by accidental contact with the floor. Spaulding led during the latter part of this period, until in the last minute of play Berry made a basket, leaving the score, when the time-keepers blew, tied at 15 to 15.

Berry was easily the star player of the game, throwing four of Goddard's goals, but he showed too much tendency to "rough" it.

Spaulding Seconds Won.

Only a little less interesting than the game between the first teams was that between the second teams, both sides playing an excellent game, with Goddard having a considerable advantage as in the first team's game, because of superior weight. Both sides played a clean, fast game, the score at the end of the first period ending in a tie at 5 to 5.

The teams played as well in the second period, with Spaulding having a trifle the better of it, the score ending 14 to 11 in their favor. The feature of the period was a long throw to goal by Page. The time-up:

PUT SCREWS ON RAILROADS.

Commerce Board's Sensational Disclosures May Result in Stringent Law.

Chicago, Ill., March 2.—A thorough investigation of the incorporation relationship affecting railroad and other corporations has been made by the interstate commerce commission. Every railroad has been compelled to furnish affidavits of presidents or other officials covering everything pertaining to securities of the chief corporations, and all holdings by it in other corporations.

This will enable the commission to determine the extent to which joint ownership of railroads and affiliated corporations has been carried, and will indicate to what extent competition has been limited.

Practically all roads have submitted their reports.

FIRST TO WEAR OUT WITH AGE

Prescription Which Is Valued by Elderly People

RELIEVES CHRONIC CASES

Anyone Can Mix It at Home—Harmless and Inexpensive, Relieves All Forms of Kidney and Bladder Trouble and Rheumatism.

The great majority of men and women at the age of 50 years begin to feel the first signs of advancing age in some form of kidney trouble and bladder weakness. Few are entirely free from that tortuous disease, rheumatism, which is not a disease in itself, but a symptom of deranged function of the kidneys, which have become clogged and sluggish, falling in their duty of sifting and straining the poisonous waste matter, uric acid, etc., from the blood, permitting it to remain and decompose, settling about the joints and muscles, causing intense pain and suffering.

The bladder, however, causes the old folks the most annoyance, especially at night and early morning.

A noted authority in a recent article stated that he has wonderful success with the old-time "vegetable treatment." He states: "Of sixteen cases of bladder troubles and rheumatism which have been treated with this treatment, only one very complicated case failed to fully yield to its remarkable influence. It is the most harmless treatment I have ever found to clean the system of rheumatic poisons; remove irritation of the bladder and relieve urinary difficulties of the old people. It is a true vitalizing tonic to the entire kidney and urinary structure, reinvigorating the entire system."

What he terms "old vegetable treatment" consists of the following simple prescription, the ingredients in which can be obtained from any good pharmacy at small cost: Compound Kargon, one ounce; Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and upon going to bed, also drink plenty of water. This prescription, although simple, is always effective in the diseases and afflictions of the kidney and bladder.

TORNADO NEARLY WIPES OUT ARKANSAS TOWN BY NIGHT.

Two Men Killed in Washington and Many Buildings Wrecked.

Hope, Ark., March 2.—A destructive tornado struck the town of Washington late Thursday night, and almost literally wiped it out of existence. Two negroes are reported killed and several others were injured.

Among the buildings destroyed were the Presbyterian church, the Episcopal church, Judge W. J. Etter's residence, T. H. Williams' store, the residence of Sheriff Wilson, and other structures. All wires are down.

When We Forget.

There are days when life wears peak-a-boos, and her stockings are thin "Alice blues." And her feet are in low-quarter shoes, and she's saucy and sweet as you choose—

You choose—Oh! she's saucy and sweet as you choose.

And she's wearing the latest style spats, and she's crowned with the dearest of hats, and her looks penetrates through our slats.

To where our poor heart pit-a-pats—A-pats—To where our poor hearts pit-a-pats!

And we love her, no wonder we do, And her teary, thin, blue Alice blues, And each ankle o'erlapping each shoe, And each foot in each shoe, yes, we do—

We do—Each foot in each shoe, yes, we do.

But it's her embroidery peek—A-look, where the swift hide and seek, Of dimples appear, that do twinkle, Our heartstrings till language grows weak—

Grows weak—Our heartstrings till language grows weak.—Houston Post.

SAVE KAISER FROM MAD MAN

Lunatic in an Officer's Uniform Halted in the Royal Palace.

Berlin, March 2.—Wearing a dragon officer's uniform, William Heitmann, a dangerous lunatic, tried to enter the royal palace.

A policeman on duty at the entrance saw that the uniform lacked some essentials, halted Heitmann and questioned him.

His answers being vague, the policeman took Heitmann to the nearest station. He proved to be a workman of a homicidal turn of mind, who came here from Harburg, Prussia.

Heitmann, with insane cunning, may have been inspired by a wish to emulate William Voigt, the cobbler, who wearing a captain's uniform, arrested the burgomaster of Koepenick, pocketed 1,000 marks and was discovered to be an old offender. The Kaiser laughed at Voigt's enterprise and sympathized with him because the police had persecuted him when he tried to be honest. Voigt in jail receives many gifts from sympathizers.

ANTARCTIC SHIP MENACED BY HUNDREDS OF ICEBERGS.

The Uruguay Reaches the South Orkneys Considerably Damaged.

London, March 2.—The Argentine Antarctic ship Uruguay, which left Buenos Ayres on Jan. 29, 1906, has arrived at Scotia Bay, South Orkney Islands, after a perilous voyage during which she encountered hundreds of icebergs and heavy pack ice and sustained considerable damage.

The Scotia Bay station was established by the Scottish Antarctic expedition of five years ago and was taken over in 1905 by the Argentine government, which is continuing the meteorological and magnetic observations begun by the Scottish expedition.

ATE \$20 DISH OF COLD SLAW.

Made a Mistake and Chopped Up Four Yards of His Wife's Lace.

Winsted, Ct., March 2.—A Woodbury man who had been enjoying himself greatly, felt hungry when he got home.

"Where did you put the cold cabbage, dearest?" he called upstairs to his wife, who had coughed loudly to let him know that it was useless to take off his shoes.

"On the second shelf in the pantry," she answered, harshly.

He found the cabbage and the oil, vinegar, salt and pepper, cut up the cabbage, dressed it to his taste and ate it with appetite.

"George, why didn't you eat the cabbage last night?" asked his wife when he appeared, rather shaky, for breakfast.

"I did; it was fine!" said George; "no thoughtful of you to keep it, dearest."

"Why, it's on the pantry shelf," she cried.

Filled with apprehension, Mrs. George searched the second shelf hurriedly. There she had left four yards of lace, worth \$20, in a bowl to starch.

The lace was gone.
